CUSTOMS

EFI operate a Temporary Import Bond (TIB) for this event, allowing the temporary admission of exhibit materials without payment of duty and VAT. To ensure that this bond is protected all shipments entered under bond will be exported by EFI. We cannot hand over shipments under our bond to a third-party forwarder. If your shipment requires urgent export after the event, please advise us before the show so we can plan in good time.

We require a combined commercial invoice and packing list for customs clearance of international shipments. Please see next page for details and sample form.

PACKING AND CASE MARKING

All packaging should be suitable for transport and repeated handling. EFI recommend bolted, returnable cases for this purpose; nailed /screwed lids are not suitable as they suffer on opening and can become loose for transit. Any damage claims will be declined should packing be deemed not adequate.

Wood Packaging Materials from outside the EU must comply with fumigation regulations and be either heat treated or fumigated with Methyl bromide and carry the internationally recognized marking. Failure to comply with these regulations could result in the return of goods to origin at your expense.

Please ensure that each package is clearly labeled with Exhibitor Name, Stand Number and Intermodal Europe 2025 please e-mail EFI for a label format to print and attach to your shipment

EMPTY CASE STORAGE

EFI will remove all empty packing materials from the halls prior to final cleaning. Please ensure your cases are labeled with EFI empty case labels, available from our team on site. All items stored with EFI will be returned to stands after close of show and once the halls are cleared of visitors. We offer two services 'priority' and 'standard' service. Priority cases will be returned first, standard service starts once the priority service is completed. Please ensure you label your material; accordingly, we are unable to upgrade standard service to priority once the cases are in store.

For Health and Safety Reasons empty packing materials cannot be stowed on or around the exhibitor's stands, any packing material found in these restricted areas will either be destroyed or removed and stored by EFI at the cost of the exhibitor. Storage of empty packing on the show floor is strictly forbidden.

***Any untagged empty cases will be removed and stored at the priority rate.**

For those exhibitors requiring re-packing of exhibits at the close of the show, this will be started once all exhibitors are in receipt of their empty packing material after close of show.

HAZARDOUS /RESTRICTED GOODS

The shipper is responsible for providing EFI with relevant hazardous goods declaration forms or copies of export /import license documents if applicable. We cannot complete these forms on your behalf. Failure to declare such goods may result in penalties or claims, which will be for the account of the shipper. Hazardous or restricted goods must be packed according to IATA /carrier regulations. Please note that lithium batteries are restricted on aircraft, these restrictions currently vary per airline.

COURIER SHIPMENTS

We do not recommend the use of couriers for shipping international trade show material. Generally, courier companies are unable to arrange temporary import, therefore this could prove a costly exercise with the inclusion of duties and taxes. If you have a small shipment from within the EU then please utilize the advance warehouse, do not send courier shipments directly to the show site. The Fira is a large venue and they are highly likely to get lost. Please contact EFI before attempting to ship any goods by courier we can advise you.

INSURANCE

We recommend that you have your goods fully insured against loss or damage for transit and the duration of the show. EFI is only covered for your goods under our BIFA 2021 Terms and Conditions which is limited and may not provide the full cover you expect. We therefore recommend that you insure your goods fully or extend any cover you may currently have to include transit and duration of the event.

PAYMENT TERMS

All invoices are payable on receipt. If you do not have an account with EFI we request credit card details to guarantee payment. We will not charge the card unless you ask us to do or our payment terms are exceeded. On receipt of your invoice from EFI you can either pay via bank transfer or request payment to be taken from your card.

All services must be ordered in advance using the Freight Order Form by the deadline Monday 22nd September, orders received late or on-site carry a 50% late booking surcharge.

TERMS AND CONDITIONS

EFI Logistics does not accept responsibility for

- Exhibits prohibited by the organizer or Spanish Customs to be sold or displayed in fair site
- Any tax/duty for sold exhibits

All business of whatsoever nature shall solely be conducted in accordance with BIFA 2021 standard trading conditions. These conditions have clauses that may limit or exclude our liability. [Click here for a copy](#)
