HMRC - UK Customs

EFI operate a Temporary Import Bond (TIB) for this event. This allows the temporary admission of exhibit materials for display purposes, avoiding payment of duty or import tax/ VAT. To ensure that this bond is protected, and all shipments are correctly re-exported all shipments entered under this bond will be exported by EFI. We cannot hand over shipments under our bond to a third-party forwarder.

HMRC require that all importers/ exhibitors complete a Customs Statement on your letterhead and originally signed and dated format available from EFI. For goods by sea or air the BL or AWB number is needed.

EORI Number

Exhibitors shipping from outside the UK **require an EORI Number** in order to customs clear goods. Please allow extra time to obtain this number, this can take up to 5 working days to process.

This now also applies for goods originating in the European Union (EU).

Information on how to apply for an EORI number and the link to the relevant forms can be found at <https://www.gov.uk/eori>

EFI can also be shown as importer and where an overseas company cannot obtain or have a EORI number, EFI will use our own. Details of this are available upon application and procedures required. Additional charges apply. Please remember that HMRC have the right to inspect your shipment at any time and may also re-assess the value of your shipment if they feel it is below market value. Customs officers may also be present at the show site.
