CUSTOMS CLEARANCE – IMPORTANT INFORMATION

The Chinese Authorities permit exhibits to be imported into China on temporary importation basis on approved trade shows. Temporary import is allowed for max. 1 month from the date of entry and must be re-exported after show closing. Extension of temporary import is allowed subject to Customs' approval.

ATA Carnet is accepted for temporary import in China. Customs Bond Fee will be levied for temporary import shipment without ATA Carnet.

All exhibition goods by temporary import are under Customs control and cannot be transferred to a permanent import. Exhibitors should not allow their exhibits to be sold, abandoned or taken away from the fairground without prior agreement with the China Customs through EFI Logistics, otherwise exhibitors will receive severe fines and punishment from Chinese customs.

Please contact us in advance / before shipping if any permanent importation of exhibits is required. We shall check and advise if there are any solutions for permanent import on each individual case.

Controlled Items In China

In case the shipment contains any controlled items by the Chinese Government, we strongly recommend that the list of exhibits should be e-mailed to EFI Logistics for checking prior to the shipment departure from the country of origin.

In addition, exhibitors are advised that brochures, giveaways and souvenirs are subject to import duties as assessed by the Chinese Customs which must be payable on entry.

HAND – CARRY EXHIBITS

Exhibitors are strongly advised not to hand-carry goods for this exhibition as it could be detained by the Chinese Customs at the airport. Once detained, please note the **detained shipment may NOT be imported as exhibition goods** because the list of exhibits of detained goods were not submitted in advance to the customs system at least one month before show. Exhibitors should immediately hand over the detention receipt and the duly filled List of Exhibits to our staff at the fairground to load the goods from the airport. These exhibits will then have to be returned as cargo freight.

The handling charges for the hand-carry items will be the same as our inbound airfreight charge, plus late arrival surcharges as applicable.

DANGEROUS GOODS

Exhibitors need to send us a Dangerous Goods Shipping Declaration for dangerous goods. This should be provided by the Shipper 7 days in advance of shipment. A quotation will be provided upon receiving the request to handle dangerous goods. **Please note:** if shipping electrical goods via airfreight check with your carrier regarding current regulations/ restrictions on the handling of lithium batteries. These may need to be packed and shipped separately.

PACKING

Exhibitors are advised to use strong packing cases for the transportation of the exhibits which can withstand unpacking and repacking operations for return. For main exhibits bolted returnable cases should be used. For cartons of brochures and or giveaways, use pallets and shrink-wrap to secure and protect the smaller boxes.

For easy identification of exhibits, all packages must be marked as follows:
